

# TCRC Case Study: The Corsham School, Wiltshire

## School Roof Given New Lease of Life Thanks to Vital CIF Funding

The Corsham School is a fully comprehensive, mixed secondary school serving the small market town of Corsham and the surrounding villages. In 2013 it successfully converted to a Multi Academy Trust named the Corsham Schools Academy Group.

Following a successful £660K CIF funding allocation, the school were able to address urgent waterproofing issues that were effecting teaching activities on a daily basis. TCRC were selected in conjunction with manufacturers Bauder to provide a solution.

### A Challenging Project with Exceptional Results

On this project TCRC removed and responsibly disposed of the existing failed roofing, before installing 1,850m<sup>2</sup> of Bauder Flat Roofs Total Roof System, including fully upgraded thermal insulation. In addition, our skilled operatives completed extensive repairs to the bath stonework in various locations.

This was a challenging project requiring the highest health and safety standards due to the live working environment and the fact that there were fibre optic cables to work around on the roof surfaces.

Nevertheless, works were completed to an exceptionally high standard, leaving the school with a high quality waterproof finish that they can rely upon for many years to come!

**Project:** The Corsham School

**Location:** Corsham, Wiltshire

**Client:** Corsham Schools Academy Group

**Products:** Bauder BTRS Built up Felt Roofing System, Stonework Repairs

### Client Testimonial:

"We recently had the pleasure of working with The Complete Roofing Company on the roofing project for our school, and we couldn't be happier with the results. From start to finish, the team demonstrated exceptional professionalism, attention to detail, and commitment to quality. The project was completed on time and within budget, with minimal disruption to our daily activities. The crew was courteous, efficient, and always maintained a clean and safe work environment.

The new roof not only enhances the safety and functionality of our building but also adds to its overall aesthetic appeal. We are very grateful for the efficient service provided by The Complete Roofing Company and would highly recommend them to anyone in need of roofing services. Their expertise and dedication have truly made a positive impact on our school community."
